## What we offer

As a responsible pet owner, we know that you want only the best care for your best friend. Not only when an illness or accident occurs but taking those important steps to provide the right preventative healthcare too.

Our Puppy & Kitten Clubs have been specially designed to give your pet the best start in life by providing all the preventative healthcare they need from worming and flea treatment, to important vaccinations.

Not only will you be doing the best for your best friend but you'll be saving up to **£55** on your pet's health care as well.

Full terms & conditions and examples of savings can be found on our website:  
[www.oakhamvethospital.co.uk](http://www.oakhamvethospital.co.uk)

## Moving On

Both the Puppy & Kitten Club cover all of your pets preventative healthcare for the first six months of their lives. After that time we advise that you move on to one of our Adult Pet Club Packages. These are designed to provide the same cover throughout their adult lives with the same great cost savings.
